BRIDGE 2023

The New Frontiers in Bridge Engineering

Date: June 23rd and 24th, 2023

**Venue: Novotel Hyderabad
Convention Center, Hitex,
Madhapur.**

Who we are ?

The Indian Institution of Bridge Engineers was established in 1989 by Late Shri Er. M. C. Bhide (Chief Engineer, Indian Railways) with the aim to promote bridge engineering in the country.

IIBE is the only professional body exclusively dealing in Bridge Engineering. Spread over 33 states and local centres with about 7000 strong members and 169 institutional members, IIBE has created laurels for the country. It has also published 29,200 pages of technical literature. IIBE holds the Outstanding Bridge National Awards Competition.

About The Conference !

The objective of the conference is to disseminate information on new technologies and current practices in bridge engineering. The challenges faced by the Bridge Engineers during the design and execution phases will be discussed in the two-day event. The conference will be attended by government organizations, design engineers, contractors, material suppliers, academicians, and students.

THEMES

- Resilient Bridges
- Carbon Neutrality in Bridge Engineering
- Design for Constructability, including temporary structures
- Advanced Analysis and Design of Bridges
- Digital Technologies in Bridge Engineering
- Design for the avoidance of failures
- Novel Materials and Technologies
- Rail Transport (HSR)
